PROFESSIONAL SUMMARY

Information Science and Engineering undergraduate focused on full-stack web development. Built projects using React, Node.js, Express, Flask, Python and SQL/NoSQL databases, with experience implementing REST APIs, authentication, document processing and responsive user interfaces. Seeking an entry-level Full Stack Developer opportunity.

EDUCATION

Atria Institute of Technology **2023–2027**
B.E. in Information Science and Engineering CGPA: 8.71

PROJECTS

AI-Powered Answer Script Evaluator *React, Flask, Python, NLP, MongoDB*

- Built a full-stack platform to evaluate student answers using TF-IDF, cosine similarity, rubric keyword coverage and length-based scoring.
- Implemented PDF/DOCX uploads, question-wise assessment, feedback reports and optional Tesseract OCR for scanned scripts.
- Developed student/faculty workflows for batch evaluation, manual mark corrections, analytics and semester result tracking.

Smart Banking & Personal Finance Management System *React, Node.js, Express, SQLite*

- Developed a banking web application with account management, transaction history, fund transfers and card operations through REST APIs.
- Implemented JWT authentication, bcrypt password hashing, rate limiting and parameterized SQLite queries.
- Added OTP-based transfer verification and atomic database transactions to avoid partial fund transfers.

Hotel Management System *Java, JSP, Servlets, JDBC, MySQL*

- Built web interfaces with HTML, CSS and JavaScript and connected Java backend components to MySQL through JDBC.

Automatic Room Light Controller (IoT) *Arduino C, C++, MQTT*

- Created an Arduino-based room automation prototype with MQTT/serial communication for device control and monitoring.

TECHNICAL SKILLS

Languages: JavaScript, Python, Java, C, C++, SQL
Frontend: HTML5, CSS3, React.js
Backend: Node.js, Express.js, Flask, Java Servlets, JSP, REST APIs
Databases: SQLite, MySQL, MongoDB
Tools & Concepts: Git, GitHub, JWT, bcrypt, NLP, Unix/Linux, UI/UX fundamentals

CERTIFICATIONS

Digital Productivity – NIIT Foundation | UI/UX Design – 1Stop.ai
Introduction to Unix – Infosys | Introduction to Java – Infosys
